Meeting Summary:

Meeting called to order at 5:05.

Barbara related correspondence she had received in regards to upcoming events. We briefly discussed the kitchen renovation project, which has received appliances from Central Station as well as $5000 approved by Selectmen for retrofit.

Ed spoke to KLP about adjusting the timers on the street lights and that has been corrected. Also, because of the design of the poles, the U.S. Flag will be placed street side and the decorative banners will face the opposite way.

Barbara spoke about the need to rehab the planters. Tom will look into duplicating existing ones, as they are no longer available for purchase

Steven Shields approached Barbara about asking the WKVC to help pay for some footstones in Pine Grove Cem. Barb will ask Steven to attend our next committee meeting
