[KENNEBUNK] April 9, 2013 - Roy E. McKinney, Director of the Maine Drug Enforcement Agency, and Peter Mador, Special Agent Supervisor of the MDEA's York Regional Task Force Office serving York County, announced the arrest of:

SHAUN BARRY, 23, OF KENNEBUNK, MAINE

Barry was arrested on April 8, 2013, at the Turnpike Motel following a joint investigation conducted by MDEA and Kennebunk Police. Barry was charged with ***Aggravated Trafficking*** in crack cocaine and ***Possession of Firearms by a Convicted Felon***. MDEA Agents and Kennebunk Police executed a search warrant on the room occupied by Barry and seized approximately 60 gross grams of crack cocaine, as well as scales and packaging materials. Also seized were two semi-automatic pistols, one of which had been loaded at the time, and \$889.00 in suspected drug proceeds. Other property recovered was later determined to have been stolen in a January 2013 burglary in Kennebunk. Kennebunk detectives have possession of that property and will be processing it accordingly.

At the time of his arrest, Barry had currently been released on probation from the State of Massachusetts where he has prior drug dealing and firearms convictions. He is also a suspect in several residential burglaries that Kennebunk police are investigating. Barry was transported to the York County Jail where bail was set at \$50,000.00 cash.
