### Discussion regarding Christmas tree planting

It was decided not to try and hold any kind of celebration during May Day festivities due to unpredictability of delivery time for the tree.

The location of the tree in Rotary Park was decided to be in the upper area adjacent to the gazebo.

We will meet with Brian to discuss removal of at least one norway maple and relocation of a plaque.

A possible dedication at the tree lighting was discussed. A name will later be put forth to the select board
