WK Update: All plots are spoken for and assigned. We have a sprinkling of new gardeners due to some moving away. There will be a total of 12 Agricycle bins (called "toters") for the season, which can be moved and allocated as needed. The bins will be located at both gardens from May through October, then all gathered at West K for November. This is necessary due to no Town truck being available for the season's end this year.

PSS Update: All plots are spoken for and are currently being assigned. Eight of the newly constructed raised beds are on site and more are ready to be delivered. There is snow and flooding still visible at the garden, so as soon as prudent Dick and the Maintenance crew will be installing fabric, then the new beds, and filling them with soil. Soil tests will be done soon (both gardens). The cost of amendments is better than the super soil.

Old Business: Bylaws have been emailed and we will review them. Leslie will check the Town charter before we begin any editing.

New Business: An updated contact list will be circulated to committee members.
