Budget update: Received \$67 from Hannaford

Grant report update: None

WK Update: Chuck Stevens tilled and re-leveled. After soil testing, Annie and Michael are adding amendments as our organic matter is too high. Dick has made improvements to all watering stations and has gotten wheelbarrow replacements thanks to Ace's lifetime guarantee. Garden opening is this Saturday at 10am. Committee, come early to prepare. MHH beds 1 – 10 are all planted.

PSS Update: Plot repairs look good. Dick will look at the harvest table also. MHH's first rhubarb harvest will be tomorrow. Opening Day had a big turnout and was a huge success. Dick will replace some wands, and Tristan and PS resident repaired a leaky hose. All MHH except tomatoes are planted, 20 plants are ready to go in with Epsom salts. All Adopt A Beds are covered

Old Business: The goal is to work on the Bylaws in 2022.

New Business: PSS dedication will be low-key, inviting public works and KHS crews. Thanksgiving in the garden will be July 20th before our next meeting.
