

Kennebunk Fire Rescue offers residents of Kennebunk FREE Child Passenger Safety Seat inspection and consultation. DID YOU KNOW:

- 35% of children under 13, who were not buckled up in car seats, booster seats, or seat belts, were killed in car crashes in 2015
- 59% of children's car seats are used incorrectly
- The 2<sup>nd</sup> leading cause of infant/child deaths in the U.S. is improperly installed car seats.  
*-United States Department of Transportation*

Contact Karen Wheeler at (207)604-1358 or [e-mail](#) to schedule your appointment with one of KFR's Certified Child Passenger Safety Seat Technicians. For more information on Child Safety Seats please visit [SafeKids.org](#).
